Re: Position as Intern in Readiness and Preparatory Support Programme

Dear Mr. White,

## EXEMPLE DE PARTIE VOUS (L'ORGANISATION), SUIVI PAR UN EXEMPLE DE PARTIE MOI (LE CANDIDAT)

As a member of Great Britain's "Magic Circle" of law firms, John Doe, Doe and Dean is one of the ten largest law firms in the world and is present in capital cities on every continent. You might thus be interested in an intern in the litigation and dispute resolution department of your law firm with a broad multicultural background and who can easily adapt to the needs of your international clients.

Originally from the Czech Republic, I have done my Sixth Form in the UK and am currently pursuing my undergraduate studies at SciencesPo Paris, a leading social sciences university in France. My language skills will serve an organization well in communication with international clients; I am fluent in Russian, English Czech and Slovak, in addition to my intermediate level in French and German. Of course, my knowledge of Economics, Finance, Business Law, General Law, and Information Management and Research as well as European regulations will allow me to be proactive in working cooperatively with your clients.

MSDND Consulting is well known for the high-quality service it delivers and its ability to offer fast and effective business solutions for clients with international portfolios. It would seem then that MSDND Consulting would be interested in hiring enthusiastic analysts with a multicultural background.

My having followed an intensive academic program at SciencesPo in negotiation and mediation should serve me well when liaising between clients and industry experts. My commitment to excellence, unambiguously demonstrated by my being Valedictorian at some of the best European universities is proof of my motivation to achieve goals.
